Our Policies:

Our policies are written to support implementation and enforcement of effective systems and controls to prevent the occurrence of slavery or human trafficking related issues in any of our business operations.

- ✓ **Code of Conduct:** This explains the manner in which we behave as an Organisation and how we expect our employees, partners and suppliers to act.
- ✓ **Recruitment:** We operate a robust recruitment process which includes conducting right to work checks for all employees in the UK to prevent illegal working and to safeguard against human trafficking or individuals being forced to work against their will.
